

# 2012 ACL Training Calendar

## North America Schedule

OPEN ENROLLMENT	ON-SITE	CERTIFICATION
Classes are held at business centers around the world and at ACL facilities in Vancouver in a live, hands-on format. Open to all and offered in a variety of languages, open enrollment classes incorporate "real-world" case studies and exercises for a better understanding of ACL concepts. Class sizes support individual attention and development. To register or to view scheduled dates and locations, visit <a href="http://www.acl.com/TakeTraining">www.acl.com/TakeTraining</a> . Please note dates are subject to change.	Held at your workplace, on-site classes reduce the cost per attendee and save you time. On-site training mirrors our open enrollment training to familiarize users with ACL software and its capabilities; all ACL training courses are available for on-site training. With five or more people from your organization requiring training, our certified instructor provides hands-on experience at your site with your data at a date and time that better meets your needs. To learn more, contact us at <a href="mailto:training@acl.com">training@acl.com</a> or +1 604 669 4225.	The ACL Certification Program sets the industry benchmark for technical proficiency and professional expertise in using ACL software. Earning the ACL Certified Data Analyst (ACDA) designation - by experience or by examination - allows you to measure your ACL skills against global best practices drawn from our user base, providing tangible evidence of your professional development to support career growth. To learn more, visit <a href="http://www.acl.com/certification">www.acl.com/certification</a> .
